ANACONDA HISTORIC DISTRICT
ANACONDA JUNIOR HIGH SCHOOL
MT-53-L

HABS
MONT,
12-ANAC,
1-L-

Date: 1914, with 1928 addition

Location: South West corner Fourth and Main Streets

Architect/Builder: Unknown:

Owner: City of Anaconda

Significance: The east front facade of this three-story building faces Main Street, and was built in 1928 as an addition to the original 1914 school. This later structure has a dentilled parapet wall, an ashlar water course and stone medallion trim. The original school is a two-story brick building with pilaster construction and a stepped parapet roof line. Both buildings serve as the location for the Anaconda Junior High School.
